To whom it may concern

The undersigned was involved in the planning and realization of a project which became known as "Campo Bahia" the camp of the German Football National Team in Brazil during the World Championship in 2014. The ongoing disputes between various persons and companies involved in this project made it necessary, to get legal support and advice, also in contested matters.

Due to the outstanding quality of Dr. Scheele and his national and international team of Legal Alliance we were and are still guided in a most professional and efficient manner.
