To whom it may concern

Dr. Michael Scheele was my predecessor, representing the Republic of Seychelles as Honorary Consul in all of Germany until 1989. Until today he plays a helpful role in bilateral issues – between individuals and/or companies in Seychelles on one side and individuals and companies in Germany on the other side. He enjoys a high esteem because of his outstanding professional career as a lawyer. In my capacity as a business man I would like to affirm that he deserves to be ranked in the TOP 100 lawyers in Germany.
